

are your unorganized shelves costing you sales ... products out of reach for your customers?

FEATURES

- Always front facing product reduces restock labor costs, improves stock rotation and minimizes out of stocks.
- Tray-to-tray connection allows overall plan-o-gram compliance by supporting various sized packages to fit together on the same shelf.
- Spring-action paddle is not impaired by dirt build up, extending tray lifecycle.
- Improves access to all products especially top and bottom shelves.
- Unbreakable clear front enhances product visibility and shoppability.
- Easy to install

BENEFITS

- Low cost eco friendly alternative to competitors glides.
- Unique tray-to-tray connection allows different sized packages to fit together on the same shelf supporting new package size launches and overall planogram compliance.
- Consistent wall height eliminates product from tipping sideways.
- Unbreakable clear front version allows for increased branding and pricing information.
- Upgrade this tray with spring-feed paddle.
